Before School, Recess, Lunch and After School Rule

tending extra-curricular events, you are expected to participate in a **safe and sportsmanlike manner**.

These activities are not competitive in nature. They are being offered to give you extra opportunities to refine your skills and be physically active. **Participating in these activities is a privilege and not a right.** You must **demonstrate the expected work habits and behavior** outlined in the handbook in all areas of your school life in order to attend.

You are expected to put your equipment away when done with it. Food or drink is to be brought in the gym.

Outdoor footwear

When attending you are expected to be participating, not just hanging out (as you do that elsewhere).

You will be given one warning by Mr. Clattenburg, one by Mrs. Whitcomb. If you still cannot act in the appropriate manner you will not be allowed to participate in further intramural activities.

If you have any questions, you should ask before you participate.
